SUBJECT: Bureau of the Budget Hearings - FY 1971 Budget

5. 24 October; 1530 - 1700; External Research; OSI, FMSAC, OER.

This hearing is to be focused upon external research contracts in the Production Category. The Bureau wants to go below the project level and to discuss contracts. [redacted] and "overlap" with Department of Defense and DIA were indicated as probable subjects to be discussed.

6. 27 October; 0900 - all day; SIGINT; DD/P, OEL. This hearing is mostly for DD/P, but attendance by OEL was requested.

7. 28 October; 0915; [redacted] ORD, OEL. This hearing has neither agenda nor duration decided. We may assume it will support a reserve release request and therefore could cover cost, requirement, and quid pro quo.

8. 28 October; 1530 - 1630; OSA. This hearing will cover the total OSA budget, excluding funds and positions for SPS. Discussion of [redacted] and Communications is also excluded. There will be emphasis on the IDEALIST project costs.

9. There probably will be a hearing on computers, purchase vs. lease, but the date and time are not yet set.

10. There will be a hearing on NIS as a result of the study which recommends reduction of positions. OSI will not be affected, so no participation from this Directorate is required.

11. There may be a hearing on OSP, but when and on what subjects is yet to be decided.

12. When we get more detailed information on hearings which are now only tentative, we will pass it on by telephone.

13. All hearings will be held in the O/PPB Tank, Room 6E0708.
